

National Electrical Code Training

Presented by the Virginia Department of General
Services

<http://deb.dgs.virginia.gov>

The Department of General Services is offering electrical code training to state employees on the *soon to be adopted* 2005 code.

Each day will begin promptly at 9:00am and conclude 4:00pm. Please plan to attend the full training if you wish to receive credit.

Tuition is \$195.00 and includes a copy of the 2005 NEC Analysis and lunch each day. Please bring your 2005 National Electrical Code book as it will be used through out the training.

Training Objectives:

- Gain Journeyman level code understanding
- Identify changes in the electrical code
- Demonstrate locating references to the electrical code
- Meets DPOR requirements for renewal of tradesman's license
